

Prospective Horse Form

Thank you for your interest in donating your horse to the Shepard Meadows Therapeutic Riding Center.

Guidelines: We prefer horses 10-18 years of age, with the height of up to 16 hands. The horse must be sound at the walk, trot and canter, in good physical condition, with a quiet and calm temperament, and without vices (biting, cribbing, etc.).

Steps:

- 1) Complete Prospective Horse Form
- 2) Staff will review the information and contact you
- 3) If your horse seems like a possible match SMTRC staff will visit the horse (groom, tack and ride)
- 4) Depending on needs and space, your horse will come to SMTRC for a trial evaluation for up to 3 months

Owner Name: _____

Phone Number(s): _____ **Email:** _____
